

WAPAHANI ARTLAB STUDIO OVERVIEW

Visiting artists are creating a small body of work over three days - under the guidance of Royal College of Art graduate **Friedhard Kiekeben**—international artist, Chicago professor, and new methods pioneer. Participants will learn and practice innovative approaches to art making across Printmaking, Painting and Hybrid Art within their own chosen projects and preferences.

<https://www.art-well.org/>

A private painting and printmaking studio/facility that offers regular three day weekend courses in a friendly and personal setting; offering artists a broad range of safe, innovative methods and materials of low toxicity; many materials are available and included in the ARTLAB PROJECTS courses. Please bring a portfolio and a sketchbook or samples of work; the program is integrated with research and methods from the www.nontoxic-print.com | saferpainting.com : art+science online resources, and an outline of your course and project needs will be discussed in advance.

ART PROCESSES, POSSIBILITIES and CONCEPTS

The artlab class program is tailored to the project needs of each group of artists. Here some media and process possibilities for your art projects:

Waterbased and Oilbased Painting and Drawing Media, Mediums, and Pigments, low toxicity and eco-based | Polyester Plate Lithography; photo-based and mark-making
Water Mixable Oil Painting | Eco Paints | Overpainting and Mixed Media
NEW and updated Acrylic Etching and Collagraph Grounds | TetraPak Printing
Printing | Drypoint Etching | Dremel Tool Etching | Monotype | Handheld Inkjet |
Painting and Printing | Copperplate Etching (Edinburgh Etch) | Aluminum | Multi Plate Printing
Etching (Saline Sulfate Etch) | Pigments + Paint making | Screen + Stencil | Acrylic Resist Etching
| Large Format Digital Printing | Scanning and Photo | Block Printing, Woodcut and Lino | Cricut
| Aquatint | Line Etching | Soft Ground Etching | Collagraphy | Carborundum Printmaking | Laser
Cutting | Colorlab Methods and Sustainable Colorings (M Boto) | Collage and Assemblage |
Handmade Paper Art | Vinyl, Banners and Wallprints | Manga and Pop | Drawing Props | Printing
and Painting on Textiles | Low Pressure Printmaking and Inks | Asian Ink Painting | Low VOC
Solvent, Paint and Ink Alternatives | Health Protection and Wellness in Art Making | Reuse,
Recycling and Sustainability in Art | Creative Work in Relation to Earth and Nature |
Earth Friendly Methods and Materials | Projection Painting and Drawing | New
Eco Acrylics, Inks, Pigments, and Resins | Vantablack, Bio Pigments and Exotic Colorings |
Artist Air Brush and Graffiti (WB) | DIY Water Mixable Oil Paint and Ink |
Assemblage Painting, Collage, and Sculpture: using paper, plastic, card, wood and
metal | Portable Solar Power | Paint Water Purification and Waste Water
Protection | Nature and River Walks | Artist Studios | Downtown Indianapolis and Zoo | easy
access to Accommodation, Airport and Amenities

PAPERS and MEDIA

Hahnemühle German Etching papers, watercolor papers, digital papers, vellum, card stock, plywood, small canvases, Asian Papers, Canvas and inkjet Canvas, vinyl, plastics, textiles, acetate, bond paper, blotters etc.

EQUIPMENT

Heavy Etching press 23in x 56in
2 x Etching presses A3, oversized
1 x light pressure press 24in x 48in
LED light pads
Drying rack
Various Pin presses and experimental light pressure rollers, mullers, and tools
Canon doublematt black Prograf 24in printer for canvas, vinyl and bond paper
Epson Stylus Pro 3880 inkjet printer 17in for archival giclee prints etc.
10W Laser Cutter 14inx 20in
Handheld Inkjet Printer, 2in
A3 HP Color Laser Printer, 2 x A4 Laser Printers
Flatfile Storage spaces
Easels
Tray etching for aluminum
Tank etching for copper
Power Supply for Electro Etching
Stripping Tank
Rollers, scrim/tarlatan, rags, tissue
Oil based and water mixable Inks for litho, intaglio, relief, monotype I Ink and Paint making and Innovation
Pigments and Paint Mullers, Vortex Mixer and Centrifuge
Gouache, India Ink, Eco Acrylics and Mediums, Acrylic Gouache, Water Mixable Oils
Portable Fume and Airbrush Hoods
Overhead Projector and Data Projectors

Wapahani Art Studios are located at 1103 Kentucky Avenue in Indianapolis
